

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

- 10 minutes to prepare
- 1 hour to collaborate
- 2-8 people recommended

➔

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

🕒 10 minutes

Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools

Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

PROBLEM

How might we help job seekers search for job vacancies?

How might we make the hiring procedure easier to select the best candidates for the job?

How might we make the job search customized?

How might we manage a large number of users simultaneously and effectively?

How might we provide a proper platform for recruiters to display job openings?

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

🕒 10 minutes

TIP

You can select a sticky note and hit the pencil [switch to sketch] icon to start drawing!

NAREN G

Displaying of a match score for the candidate to know how much his skills match the job profile

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

🕒 20 minutes

TIP

Add customizable tags to sticky notes to make it easy to find, browse, organize, and categorize important ideas as themes within your mural.

SUPPLEMENTARY FEATURES

Fake job offers detection and removal

Displaying of a match score for the candidate to know how much his skills match the job profile

Should provide information about the ongoing or upcoming job openings in various sectors. Also regular updates should be provided to the job seekers via email.

Job Seekers should be notified about the job application deadlines.

Resume extraction or resume parsing helps in analyzing, storing extracted useful information from the uploaded CV automatically which helps in identifying the best applicants.

Efficient job recommendation to the job seeker by parsing his resume.

Efficient connectivity between job seeker and recruiter

Job Seekers should be able to navigate easily through the application (intuitive UI)

Backup and recovery options for user account and job search history

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

🕒 20 minutes

Importance
If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.
